Water Works Association

a Section of the American Water Works Association

Be a part of NEWWA's legacy and future! Donate to the scholarship fund

NEWWA has established a new scholarship in memory of Michael Garofano. Mike, a dedicated operator/educator volunteer, and his son lost their lives while checking the Rutland, Vermont, water source during Tropical Storm Irene in 2011. NEWWA has seven annual scholarships you may contribute to:

- ◆ Michael Garofano Memorial - \$1,500 to a civil or environmental engineering student, or a water operations or related science-program student.
- ◆ Elson T. Killam - \$1,500 to a civil or environmental engineering student.
- ◆ Joseph A. Murphy - \$1,500 to a civil or environmental engineering, or a business or related science-program student.
- ◆ Francis X. Crowley - \$3,000 to a civil or environmental engineering, or business management student.
- ◆ George E. Watters - \$5,000 to a civil engineering student.
- ◆ Knowlton Operator's - Awarded to operators for training at the NEWWA facility or other institutions when budgetary constraints eliminate the opportunity for some to attend training for certification, advancement, or professional development.
- ◆ NEWWA - An additional scholarship awarded to students, regardless of their field of study, with a preference given to those programs related to the water works profession.

You may make a donation to any of these specific scholarships, or to the general NEWWA Scholarship. Your contribution will ensure these scholarships always have the means to continue providing much-needed funds to worthy college students entering the water works profession.
