

The best way to activate your membership is to join a committee. Volunteers learn from their peers and gain experience while working to better the water works profession and community from within these fun and dynamic groups. You can find a complete list of committee descriptions at newwa.org or by contacting Mary Quigley at mquigley@newwa.org or 508-893-7979.

STANDARDS COUNCIL

AWWA Standards Committees work to develop or update industry standards for materials, chemicals and persons (must be a user or consultant, not a manufacturer or distributor). It is also helpful if you are able to attend the AWWA National Conference in June. For a list of committees, visit the AWWA web site (www.awwa.org) or the NEWWA web site (www.newwa.org).
